

CARDIO-KLEPTOMANIAC

Chorus

**She's a cardio-kleptomaniac
She'll steal your heart and never give it back
She don't want it, she don't need it
But her craving – she must feed it
She's a cardio-kleptomaniac**

Verse 1

She'll captivate you with her eyes
Her lips you can't resist
And while she charms you with her lies
She'll give her knife a twist

Verse 2

You'll find yourself flat on the floor
Your heart's been ripped away
But you'll just want her even more
And that's how things'll stay

Repeat 1st Chorus

Verse 3

Now she don't keep no tally count
Or put them on display
Once she's done and had her fun
She'll toss your heart away

Chorus 3

**She's a cardio-kleptomaniac
She'll steal your heart and never give it back
She'll warm it, melt it, break it
When she's ready, she'll just take it
She's a cardio-kleptomaniac**

Bridge

In younger days she lost her heart
Someone stole it selfishly
And now there's just an empty space
Where a lovin' heart should be

Chorus 4

**She's a cardio-kleptomaniac
She'll steal your heart and never give it back
She don't want it, she don't need it
Her addiction – she must feed it
She's a cardio-kleptomaniac
She's a cardio-kleptomaniac
She's a cardio-kleptomaniac**

You'll find yourself flat on the floor
Your heart's been ripped away
But you'll just want her even more
And that's how things'll stay

**She's a cardio-kleptomaniac
She's a cardio-kleptomaniac**
