

EXPLORE

Verse 1

If I held your hand would you squeeze mine tight?
Or would you just push it away?
If I walked with you would that be alright?
If we kissed - would that be ok?
I like your style and I like your smile
I like the way you're wearin' your hair
I'd like to talk with you for a while
I gotta feelin' somethin' is there.

Chorus

'Cause this could be the start of
We could be a part of
Somethin' that we ain't ever felt before
I'm not sure what they call it
But we should not ignore it
This feelin' you and I should explore

Verse 2

If I came around would you let me in?
Or would you slam the door in my face?
If I brought a rose would that get me in?
Or am I simply not in the race?
Can I call you up? Can I take you out?
Can I tell my friends that you're my baby?
Was that a wink or was it just a blink?
Was that a Yes, a No or Maybe?

Chorus

Oh baby, this could be the start of
We could be a part of
Somethin' that we ain't ever felt before
I'm not sure what they call it
But we should not ignore it
This feelin' you and I should explore

Bridge

Maybe we could give it just a week or two
Maybe we could give it a try
Maybe you will tell me 'Hey, I think you'll do'
Or maybe you will tell me goodbye.
Maybe you will tell me goodbye
Or maybe we will marry
Maybe have a baby
Get a little place by the sea
I can be your hubby
You can be my lady
And we'll stay in love indefinitely!

Musical Interlude

Verse 3

Well now our rocking chairs catch the morning light
It's gonna be a warm sunny day
You hold my hand and you squeeze it tight
It tells me everything is ok.

Chorus

Well I recall the start of
When we became a part of
Somethin' that we ain't ever felt before
We now know what they call it
We couldn't just ignore it
This feelin' that we had to explore
Yeah, this feelin' that we had to explore
You've always been the one I adore
It started when you opened the door
