

I LOVE YOU EVEN BETTER SINCE THE DAY THAT YOU TURNED GAY

Chorus

I love you even better since the day that you turned gay
More than we first got hitched and more and more each day
I love you darlin' so darn much in every single way
I love you even better since the day that you turned gay

Verse

You now sit with me on the couch and drink a beer or three
And watch the Nazcar racin' and cage fightin' on TV
You belch as loud as I do and you cuss a little worse
And when you channel surf for porn it's pleasantly perverse.

Chorus

I love you even better since the day that you turned gay
More than we first got hitched and more and more each day
I love you darlin' so darn much in every single way
I love you even better since the day that you turned gay

Verse

We wear each other's cargo pants and flannelette check shirts
And freed up wardrobe space by selling your old frocks and skirts.
You now go to my barber get the best crew cut in town
I reckon we're the sharpest looking couple goin' 'round.

Bridge

You've taken up pig shootin', girl, and you're a real crack shot
You trout fish, deer hunt, trap for bears, hey girl, you've got the lot.
You bought yourself some leathers and a brand new motor bike
And guys they come up to me and say (deep male voice) 'Hey you're wife's a ...
(*Deep butch female voice "Yeah what am I?"*)
(Frightened wimpy male voice)...A really good rider

Chorus

I love you even better since the day that you turned gay
More than we first got hitched and more and more each day
I love you darlin' so darn much in every single way
I love you even better since the day that you turned gay

Verse

Now people come and ask me almost every single day
"Don't you care your wife looks like a man in every way?"
Well NO, it's so much EASIER now takin' her to bed
To imagine I'm with my friend Steve and lovin' him instead

And that's why.

Chorus

I love you even better since the day that you turned gay
More than we first got hitched and more and more each day
I love you darlin' so darn much in every single way
I love you even better since the day that you turned gay
