

What's Gone Wrong? (To be sung by a female vocalist)

Verse 1

We came into each other's space
We both liked each other's face
What's gone wrong?
You liked my cat, I liked your friends
Your rusty old Mercedes Benz
What's gone wrong?

Chorus

**What's gone wrong? What's gone wrong?
I thought our love was so strong
What's gone wrong? What's gone wrong?
Didn't we say we belongedtogether?**

Verse 3

We said that we were meant to be
We called it serendipity
What's gone wrong?
You're giving me some attitude
And I don't give you latitude
That is wrong.

Chorus

**What's gone wrong? What's gone wrong?
Our love may not last too long
What's gone wrong? What's gone wrong?
Maybe we just don't belongtogether**

Bridge

We were keen to watch each other's face just slowly be
Invaded by that thing they call old age
Now our love will just become a fading memory
Perhaps we'll wish we could re-write our page

Verse 5

You treated 've started now to ridicule
And treat me like I am a fool
That is wrong.
So I lied about you to your friends
And dumped your old Mercedes Benz
That was wrong.

Chorus

**What's gone wrong? What's gone wrong?
Are we both just too headstrong?
What's gone wrong? What's gone wrong?
You and me just don't belongtogether**
